For Immediate Release, Feb. 3, 2011

Public Meeting for Parks, Recreation and Open Spaces Master Plan

Flagstaff, Ariz... The City of Flagstaff Parks & Recreation Services invites city residents, visitors and all interested stakeholders to attend a public meeting as part of the project to update Flagstaff's Parks, Recreation and Open Spaces Master Plan, which was last updated in 1996. The meeting is scheduled for 6:30 to 8:30 p.m. on Thursday, March 3, 2011, at the Flagstaff Aquaplex (1702 North 4th Street).

The project team will offer a presentation beginning promptly at 6:30, including results from focus groups and a public survey, and ask for the public's input. Specifically, the city wants to learn how Parks & Recreation programs and facilities contribute, or could contribute, to green infrastructure and quality of life in Flagstaff. The project team will use feedback from the public meeting to develop goals and objectives for Flagstaff's Parks, Recreation and Open Spaces.

Ultimately, the Master Plan will identify, make recommendations and set a direction for new facilities, programs and services for the next decade and beyond. Public input is vital to ensure that the update reflects the community's vision and meets the needs of Flagstaff. More information is available at <http://www.flagstaff.az.gov/index.aspx?NID=2114>.

A second public meeting is anticipated for fall 2011 to present a final draft of the plan for public review and feedback. The final plan is expected to be presented to the Flagstaff City Council in early 2012. For more information, or to be added to the project notification list to receive updates and public meeting announcements, please contact Jason Hurd at (928) 522-6015 or jason@intrinsicinfo.com.
